

SAFETY DATA SHEET

1. COMPANY DETAILS

Company: GOSAFE PRODUCTS
Address: PO Box 4428, Canning Vale East WA 6155
Telephone: 1300 467 266
Emergency Number: 131 126 Poisons Information Centre

2. IDENTIFICATION

Product Description: Aqueous dispersion of fluorocarbon resins.
Other Names: **Stain Shield**
UN Number: Not regulated
Hazchem Code: Not hazardous
Dangerous Goods Class: Not applicable
Sub Risk: Not applicable
Packing Group: No restrictions.
Use: Fabric soil & stain protection

3. PHYSICAL DESCRIPTION / PROPERTIES

Physical Description & colour: White milky mobile liquid.
Odour: None.
Boiling Point: Approximately 100°C at 100kPa.
Freezing/Melting Point: Below 0°C.
Volatiles: No data.
Vapour Pressure: 2.37 kPa at 20°C (water vapour pressure).
Vapour Density: As for water.
Specific Gravity: 1
Water Solubility: Completely soluble in water.
pH: 4.2 -5.6 (as supplied)
Volatility: No data.
Odour Threshold: No data.
Evaporation Rate: As for water.

4. COMPOSITION / INFORMATION ON INGREDIENTS

Ingredients	CAS No	Conc,%	TWA (mg/m3)	STEL (mg/m3)
Water and other non hazardous ingredients	various	to 100	not set	not set

This is a commercial product whose exact ratio of components may vary slightly. Minor quantities of other non hazardous ingredients are also possible.

5. FIRST AID

General Information:

You should call the Poisons Information Centre if you feel that you may have been poisoned, burned or irritated by this product. The number is 13 1126 from anywhere in Australia (0800 764 766 in New Zealand) and is available at all times. Have this SDS with you when you call.

Inhalation: No first aid measures normally required. However, if inhalation has occurred, and irritation has developed, remove to fresh air and observe until recovered. If irritation becomes painful or persists more than about 30 minutes, seek medical advice.

Skin Contact: Irritation is unlikely. However, if irritation does occur, flush with lukewarm, gently flowing water for 5 minutes or until chemical is removed.

Eye Contact: Immediately flush the contaminated eye(s) with lukewarm, gently flowing water for 5 minutes or until the product is removed, while holding the eyelid(s) open. Obtain medical advice immediately if irritation occurs. Take special care if exposed person is wearing contact lenses.

Ingestion: If swallowed, do NOT induce vomiting. Wash mouth with water and contact a Poisons Information Centre, or call a doctor.

6. HANDLING & STORAGE

Handling:

The information in Section 9 should be followed during handling in order to minimise risks to persons using the product in the workplace. Also, avoid contact or contamination of product with incompatible materials.

Storage: No restrictions

7. FIREFIGHTING MEASURES

Explosion Hazards: *There is no risk of an explosion from this product under normal circumstances if it is involved in a fire. Only small quantities of decomposition products are expected from this product at temperatures normally achieved in a fire. This will only occur after heating to dryness. Fire decomposition products from this product are not expected to be hazardous or harmful.*

Extinguishing Media: *Not combustible. Use extinguishing media suited to burning materials.*

Fire Fighting: *If a significant quantity of this product is involved in a fire, call the fire brigade.*

Flash point: *Does not burn.*

Autoignition temperature: *Not applicable - does not burn.*

Flammability Class: *Does not burn.*

8. ACCIDENTAL RELEASE MEASURES

Accidental release: *In the event of a major spill, prevent spillage from entering drains or water courses. See below under Personal Protection regarding Australian Standards relating to personal protective equipment. Suitable materials for protective clothing include rubber, PVC. If there is a significant chance that vapours or mists are likely to build up in the cleanup area, we recommend that you use a respirator. Usually, no respirator is necessary when using this product. Otherwise, not normally necessary.*

Stop leak if safe to do so, and contain spill. Absorb onto sand, vermiculite or other suitable absorbent material. If spill is too large or if absorbent material is not available, try to create a dike to stop material spreading or going into drains or waterways. Sweep up and shovel or collect recoverable product into labelled containers for recycling or salvage, and dispose of promptly. Recycle containers wherever possible after careful cleaning. After spills, wash area preventing runoff from entering drains. If a significant quantity of material enters drains, advise emergency services. This material may be suitable for approved landfill. Ensure legality of disposal by consulting regulations prior to disposal. Thoroughly launder protective clothing before storage or re-use. Advise laundry of nature of contamination when sending contaminated clothing to laundry.

9. SAFE HANDLING INFORMATION

Storage: *Keep receptacles tightly sealed and Store product at 5-30 Deg C
Keep away from oxidising agents*

Transport: *No restrictions. .*

Application: *Read and follow label instructions carefully.*

10. EXPOSURE CONTROLS AND PERSONAL PROTECTION

No special equipment is usually needed when occasionally handling small quantities.

Ventilation: *Not normally required.*

Eye Protection: *Not required*

Skin Protection: *Not required. Wash and rinse areas thoroughly if skin contact occurs*

Protective Equipment: *Wear protective gloves if necessary in bulk product handling*

Respirator: *Use suitable respiratory protective device when spraying*

11. TOXICOLOGICAL INFORMATION

Local Effects:

Target Organs: *There is no data to hand indicating any particular target organs.*

12. ECOLOGICAL

Insufficient data to be sure of status. Expected to not be an environmental hazard.

Persistence and degradability: *Biodegradable and phosphate free.*

13. POTENTIAL HEALTH EFFECTS

Inhalation:

Short Term Exposure: *Available data indicates that this product is not harmful. However product may be mildly irritating, although unlikely to cause anything more than mild transient discomfort.*

Long Term Exposure: *No data for health effects associated with long term inhalation.*

Skin Contact:

Short Term Exposure: *Available data indicates that this product is not harmful. It should present no hazards in normal use.*

Long Term Exposure: *No data for health effects associated with long term skin exposure.*

Eye Contact:

Short Term Exposure: *This product is believed to be mildly irritating to eyes, but is unlikely to cause anything more than mild transient discomfort.*

Long Term Exposure: *No data for health effects associated with long term eye exposure.*

Ingestion:

Short Term Exposure: *Significant oral exposure is considered to be unlikely. However, this product is an oral irritant. Symptoms may include burning sensation and reddening of skin in mouth and throat. Other symptoms may also become evident, but all should disappear once exposure has ceased.*

Long Term Exposure: *No data for health effects associated with long term ingestion.*

Carcinogen Status:

SWA: *No significant ingredient is classified as carcinogenic by SWA.*

NTP: *No significant ingredient is classified as carcinogenic by NTP.*

IARC: *No significant ingredient is classified as carcinogenic by IARC.*

14. DISPOSAL CONSIDERATIONS

Disposal: *Containers should be emptied as completely as practical before disposal. If possible, recycle product and containers either in-house or send to recycle company. If this is not practical, send to a commercial waste disposal site.*

15. TRANSPORT INFORMATION

UN Number: *This product is not classified as a Dangerous Good by ADG, IATA or IMDG/IMSBC criteria. No special transport conditions are necessary unless required by other regulations.*

16. REGULATORY INFORMATION

AICS: *All of the significant ingredients in this formulation are compliant with NICNAS regulations.*

17. OTHER INFORMATION

The above information is accurate to the best of the knowledge available to us. However, since data safety and regulations are subject to change and conditions and the conditions of handling and use or misuse are beyond our control we make no warranty, whether express or implied, with respect to completeness or continuing accuracy of the information contained herein and disclaim all liability for reliance thereon.

The information contained herein is offered only as a guide to the handling of these specific products. Since such information does not relate to use of these products or in processes, any person using this information must determine for himself its suitability for any particular application. The buyer and user assume all risk and liability of use, storage and/or handling of this product not in accordance with the terms of the product labels.

GoSafe Products makes no Warranties of any kind, express or implied with respect to this product. GoSafe Products obligations are limited to replacement of product for defective material only. GoSafe Products shall not be liable for any injury, loss or damage directly or consequently arising from the misuse or inability to use this product.
